3. HOMEOWNERS ASSOCIATION

- 3.1 Purpose. The Association shall be formed as a nonprofit Washington corporation by the Developer for the purpose of owning and overseeing usage of irrigation water shares, owning and managing the Common Areas and enforcing the Declaration.
- 3.2 Membership. Every person or entity who is an Owner shall become a Member of the Association. Membership shall be appurtenant to and may not be separated from an Owner's interest in Briarwood. All Members shall have rights and duties as specified in this Declaration, and in the Articles, By-laws, rules and regulations of the Association. The Association shall be governed by a Board of Directors as established in the By-laws.
- 3.3 Voting Rights. There shall be one vote for each membership in the Association. An Owner shall be entitled to one membership in the Association for each Lot he owns, so long as he is the Owner of the Lot. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment by the Association. If the Owner of a Lot is other than one individual, the Owner shall specify in writing to the Association the individual who is the Member of the Association for the Lot. In the absence of such written specification, Assessments shall nevertheless be charged against the Lot and Owner thereof, but there shall be no right to vote the membership. An Owner may change the individual who is the Member for his Lot, provided each such individual is eligible to be a Member hereunder, in such manner as with such frequency, and subject to such reasonable processing fees, as the Board from time to time may permit.

3.4 Temporary Developer Control. All of the rights, duties and functions of the Association shall be exercised only and entirely by the Developer until the Transition Date. To carry out this provision, Developer may, from and after the date of recording hereof, adopt and enforce temporary By-laws, rules and regulations for the Association; may give notices and call meetings; determine, assess, collect, receive and expend assessments and Association funds; hire a manager or other employees or service agencies as required; purchase supplies and equipment and determine maintenance and other policies; set up and maintain Association books and accounts; and generally exercise all powers necessary to carry out the provisions of the Declaration. Acceptance of an interest in the Properties described in this Declaration indicates acceptance of the management authority of Developer until the Transition Date, and in carrying out the same, Developer is entitled to the power, indemnities and protections set forth in the Declaration for the Association.

3.4.1 Developer may transfer all rights, duties and functions of the Association prior to the transition date defined in Section 1.1 hereof at Developer's sole discretion, in which event Owners Association shall thereafter be responsible for all Homeowner Association activities. Developer reserves the right to determine the level of reasonable maintenance of the entrance to Briarwood and in the event Developer, in its discretion so determines, may perform or cause to be performed all maintenance as to the entrance and to bill the Association the reasonable charges thereof.

3.5 Property Rights in Common Areas. Every Member, and his guests or tenants, shall have a right and easement of enjoyment in the common Areas, which rights and easements shall be appurtenant to and shall pass with the transfer of every Lot, subject to the following restrictions.

3.5.1 The right of the Association to exclusive use and management of said Common Areas for utilities such as pumps, pipes, wires, conduits and other utility equipment, supplies and materials;

3.5.2 The rights reserved to the Developer in the Declaration; and

3.5.3 The drainage pond designated as Tract 8, Division 4, Briarwood Subdivision, shall be maintained by the Briarwood Homeowners Association so long as the drainage pond is required for storm water purposes by the local government entity with jurisdiction over the subdivision. Any and all interest or right in said drainage pond held by the Association or any other party shall terminate and revert to Fargo Development Company, LLC, its successors and assigns, should the drainage pond no longer be necessary for the purposes outlined herein.

3.5.4 The other restrictions, limitations and reservations contained or provided for in' this Declaration, the Articles and By-laws of the Association, and rules or regulations adopted by the Association.

3.6 Maintenance.

3.6.1 The Association shall maintain the Common Areas and improvements located thereon in the same condition as a reasonable prudent Owner would maintain his own home so that Briarwood will reflect a high pride of ownership.

3.6.2 Each Owner hereby covenants and agrees to maintain his respective property in the same condition as a reasonable prudent

owner would maintain his own home so that Briarwood will reflect a high pride of ownership. If any Owner shall fail to so maintain his property, the Association shall have the right to notify said Owner in writing of the maintenance required. If said maintenance shall not be performed within thirty (30) days from the date said notice is delivered to the non-performing Owner, the Association shall have all remedies as provided in this Declaration.

3.7 Common Expense.

3.7.1 Certain expenses shall be paid by the Association for the benefit of all Owners and shall be referred to as common expenses. The common expenses shall be paid by the Association from funds collected monthly, quarterly, or semi-annually and special assessments to be paid by Owners. All expenses of maintaining and operating the Common Areas, whether held by the Developer or the Association, shall be common expenses. The common expenses shall include, but not be limited to, the following:

3.7.2 An adequate reserve fund for the replacement of Common Area improvements shall be established and shall be funded by depositing into said fund a portion of the assessments collected from the Owners. That portion of the assessments deposited into said reserve fund shall be determined by the Developers until the Transition Date, and thereafter by the Association.

3.8 Assessments.

3.8.1 From and after the date the first sale from the Developer to the Owner is executed and the transaction relating thereto is closed, each Lot shall be subject to monthly, quarterly, or semi-annual assessments or charges in an amount to be determined by the Developer until the Transition Date, and thereafter by the Association. The amount of assessments shall be that necessary from time to time to properly provide for payment of said common expenses.

3.8.2 The amount of the assessments shall be equal for all Lots, except assessments for irrigation water and irrigation system operation, maintenance, repair and improvement expenses, which shall be pro rated among Owners based on the quantity of irrigation water allocated to each Lot pursuant to Section 5.20.

3.8.3 The Association shall, upon written demand, furnish a certificate in

writing, setting forth whether the assessments on a specified Lot have been paid. A reasonable charge may be made for the issuance of these certificates.

3.8.4 In addition to the assessments authorized above, the Association, by and through its Board of Directors, may levy, in any year, a special assessment applicable to the year only, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of facilities in the Common Areas, irrigation facilities whether within or without Briarwood, including all necessary fixtures and personal property related thereto, or for any other reason determined necessary by the Board of Directors of the Association. The special assessment to be charged shall be equal for all Lots. Special assessments may be payable in monthly installments, quarterly installments, or such other periodic installments as shall be determined by the Association.

3.9 Collection of Assessments, Enforcement of Declaration, Attorneys' Fees and Costs.

3.9.1 All assessments, together with interest, costs of collection and reasonable attorneys' fees, shall be a charge against and shall be a continuing lien upon said Lot against which each such assessment is made. Said lien shall have all the incidents of a mortgage on real property. Each such assessment, together with interest, costs and reasonable attorneys' fees shall also be the personal obligation of the Owner at the time the assessment fell due.

3.9.2 If any assessment is not paid within thirty (30) days after its due date, the assessment shall bear interest from the due date at the higher of 12 percent or the maximum rate allowed by law. Each Owner hereby expressly vests in the Association or its agents the

right and power to bring all actions against such nonpaying Owner personally for the collection of delinquent assessments as a debt and to enforce lien rights of the Association by all methods for the enforcement of such liens, including foreclosure by an action brought in the name of the Association in like manner as a Washington mortgage on real property. The liens shall be in favor of the Association, shall be for the benefit of the Association, and the amount of said liens shall include interest, costs of collection and reasonable attorneys' fees. The Association shall have the power to bid in an interest foreclosed at foreclosure sale and to acquire and hold, lease, mortgage and convey the same. In the event the Association employs an attorney to enforce said liens, or the collection of any amounts due, or to enforce compliance with or specific performance of this Declaration, Articles, Bylaws, rules and regulations of the Association, the Association shall be entitled to recover its reasonable attorneys' fees and costs incurred. In the event any Owner shall be in arrears in the payment of the assessments due or shall be in default of the performance of any the terms of the Articles, By-laws, or rules and regulations of the Association or this Declaration for a period of thirty (30) days, said Owner's right to vote shall be suspended and shall remain suspended until all payments are brought current and all defaults remedied. In addition, the Association shall have such other remedies against such delinquent Owners as may be provided in the Articles, By-laws, rules and regulations of the Association.

- 3.10 Indemnification. To the fullest extent permitted by law, every director and officer of the Association and Developer (to the extent a claim may be brought against Developer by reason of his appointment, removal or control over members of the Board) shall be indemnified by the Association, and every other person servicing as an employee or direct

agent of the Association, against all expenses and liabilities, including without limitation attorneys' fees, reasonably incurred by or imposed upon him in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of his being or having served in such capacity on behalf of the Association (or in the case of Developer by reason of having appointed, removed, controlled or failed to control members of the Board), or any settlement thereof, whether or not he is a director or officer or serving in such other specified capacity at the time such expenses are incurred, provided that the Board shall determine, in good faith, that such officer, director, other person, or Developer, did not act, fail to act, or refuse to act with gross negligence or fraudulent or criminal intent in the performance of his duties. The foregoing rights of indemnification shall be in addition to and not exclusive of all other rights to which such persons may be entitled at law or otherwise.

- 3.11 Non-Liability of Officers. To the fullest extent permitted by law, neither Developer, the president, the Board, any committees of the Association or any member thereof, nor any directors or officers of the Association, shall be liable to any Member, Owner, occupant, the Association or any other person for damage, loss or prejudice suffered or claimed on account of any decision, approval or disapproval of drawings or specifications (whether or not defective), course of action, act inaction, omission, error, negligence or the like made in good faith and with Developer, the president, the Board, or such committees or person reasonably believed to be within the scope of their respective duties.

Developer shall appoint the Committee. Following transition date, the Committee shall consist of three (3) members. Lots should be mowed periodically during the summer to provide a maintained vs. unmaintained appearance. Upon thirty (30) days notice to the Owner, the Association shall have the right at all times to enter upon any Lot to remove debris or other waste material and to mow overgrown vegetation and to charge the expense thereof to the Owner as an assessment. No more than one motor home or boat or recreational vehicle shall be allowed on a Lot. The Aesthetic Control Committee is empowered to interpret and render decisions as to the compliance or lack of compliance with these covenants.
